**State Teachers Retirement System of Ohio Goes Live on V3 Benefits Administration System**

January 13, 2010 (New York) – Vitech Systems Group, Inc., a leading provider of software to public pension systems, announced today that it has just completed a major V3 Benefit System implementation for the State Teachers Retirements System of Ohio (STRS Ohio). V3 was implemented for STRS Ohio as a replacement to their legacy contributions, pension, disbursement and customer service systems.

STRS Ohio is one of the nation’s premier retirement systems, serving over 450,000 active, inactive and retired Ohio public educators. The V3 Benefits System is now used by STRS Ohio to maintain participant demographics, bill and collect employer contributions, administer pension benefits, and process health benefit enrollments. STRS Ohio also uses V3's customer service, workflow, and extensive reporting capabilities.

“We are very proud to have partnered with the State Teachers Retirement System of Ohio on the implementation of their new V3 solution,” said Frank Vitiello, President of Vitech. “Our collective success is the result of careful planning, hard work and a dedicated partnership between our two organizations. We believe the STRS implementation reflects positively both on V3's capabilities and on STRS Ohio’s dedication to providing the highest levels of service to its customers.”

Vitech provided related services including project management, solution design, solution integration, data conversion, quality assurance and training.

**About the State Teachers Retirement System of Ohio**

State Teachers Retirement System of Ohio is recognized as one of the nation’s premier retirement systems, serving 458,500 active, inactive and retired Ohio public educators. With investment assets of \$72.6 billion as of June 30, 2008, STRS Ohio is one of the largest public pension funds in the country. In 2007–2008, STRS Ohio paid more than \$4.3 billion in service retirement, disability and survivor benefits plus \$540 million for optional health care coverage.
